

WHAT SO PRECIOUS AS A HEALTHY BABY?

Every youngster can have fine digestion if given a good baby laxative.

In spite of the greatest personal care and the most intelligent attention to diet, babies and children will become constipated, and it is a fact that constipation and indigestion have affected many young life. To start with a good digestive apparatus is to start life without handicaps.

But, as we cannot all have perfect working bowels, we must do the next best thing and acquire them, or train them to become healthy. This can be done by the use of a laxative-tonic very highly recommended by a great many mothers. This remedy is called Dr. Caldwell's Syrup Peppermint and has been on the market for two generations. It can be bought conveniently at any drug store for fifty cents or one dollar a bottle, and those who are already convinced of its merits buy the dollar size.

The mildness makes it the ideal medicine for children, and it is also very pleasant to the taste. It is sure in its effect, and genuinely harmless. Very little of it is required and its frequent use does not cause it to lose its effect, as is the case with so many other remedies.

Thousands can testify to its merits in constipation, indigestion, biliousness, sick headaches, etc., among them reliable people like Mrs. James R. House of Marquette, Wis. Her little son Howard was fifteen months old last April, but he was sick with

HOWARD HOUSE.

bowel trouble from birth and suffered intensely. Since Mrs. House has been giving him Dr. Caldwell's Syrup Peppermint constantly in the house, for every member of the family can use it from infancy to old age. The users of Syrup Peppermint have learned to avoid cathartics, salts, mineral waters, pills and other harsh remedies for they do not temporary good but are a shock to any delicate system.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

OLD ALBUQUERQUE MUTUAL SOCIETY IN FINE SHAPE

Two Hundred and Fifty Members Attend Meeting Last Night at Which Officers are Elected.

At a meeting of the Old Albuquerque Mutual Protection society last night the election of officers for the present year took place. There were present at the meeting over 250 members and in the nominations and election the greater harmony and good feeling prevailed. The society is mutual, benevolent and protective of its members in sickness or death, carrying benefits for the members in life and for their families in death. The following officers were elected, the term being from May, 1914, to May, 1915:

President, Jesus Romero; vice president, Cornelio D. Murphy; secretary, Carlos P. Armijo; treasurer, D. E. Sainz. Members of the council, Nestor Montoya, Jose E. Romero, Maximo Sanchez, Carlos Cervantes, Anastacio del Valle, attendant, Martin L. Garcia; funeral director, Olegario H. Sanchez; sergeant-at-arms, Pablo Sandoval; board of directors, Jacobo Moya, Melquiades Nuñez, Felix Di Blas, Jose M. Pachano, Amado Sainz, Leandro Cervantes, Eliseo Sanchez; collector, Primitivo Chandelria.

After the election and swearing in of the new set of officers refreshments were served and good feeling and congratulations were in order.

At this session of the society sixteen new members were initiated. The society is growing rapidly and is one of the oldest and strongest in the state.

Galusha to Take Salazar Up to Santa Fe

United States Deputy Marshal Will Transfer Mexican General from Camp to Jail Tomorrow.

Deputy United States Marshal J. R. Galusha of this city has been instructed to take General Jose Yanez Salazar, the Mexican federal general, who stands indicted by the United

States grand jury for violation of the neutrality law, from the prison camp at Fort Wingate to Santa Fe. Salazar was moved from Fort Bliss to Winona with the rest of the 5,000 federal soldiers held prisoners by the government. His trial at Santa Fe is set for next Monday.

Galusha plans to take Salazar from Wingate to Santa Fe tomorrow. He will travel with his prisoner in a stateroom, not only to lessen the possibility of escape or any attempt at rescue, but to save Salazar from possible annoyance from curiosity seekers or hooligans. Salazar is hated by a good many Americans in the southwest because of his attitude toward "gringo" in Mexico and because of a slur he is credited with having cast on Americans of both sexes during one of his anti-gringo outbursts.

CLAPP RE-ELECTED HEAD OF ELEPHANT BUTTE WATER USERS

Las Cruces, N. M., May 7.—The annual meeting of the council of the Elephant Butte water users' Association of New Mexico is being held here this week.

A great amount of business comes before the council at this session, and important matters are being discussed and adjusted.

Chief among these is the re-drafting of the constitution and by-laws and perhaps the amendment of the charter of the association. The re-districting of the territory embracing the ten county districts is in the hands of a committee, and will come up for consideration.

President Clapp was unanimously re-elected president of the association at the meeting of the armory this morning, and Numa C. Frenger was chosen vice president by acclamation. Hugh Clark was elected treasurer James P. Mitchell by a vote of eleven votes to nine.

President Clapp delivered his annual address at the meeting at the armory this morning, in which he set forth the condition of affairs in the project, the work of the past year, and improvement, and made some suggestions as to the future policy and work of the association.

In the matter of the election of a secretary the council is co-operating with the board of directors, and a joint meeting of the committee from the council and the board of directors was held at the offices of the association at 2 o'clock this afternoon for deliberation over the selection of a man for that important office.

Pheasants of Different Breed
For sale, and eggs for hatching, from the Golden Pheasant, the Silver Pheasant, the Reeves, the Elliot, Lady Amherst, Chinese Ring Neck; these birds do well in Mexican climate, their plumage is beautiful. Colored pictures of the birds can be seen at A. Chauvin's wall paper and paint store. MONUMENTAL HINTS NO. 2

There are just TWO types of material adapted to use for monumental purposes. They are granite and marble.

Twenty-three years' experience, covering experiments with all other materials, have positively proven this fact.

Let us tell you about it.

If we can't furnish it, it can't be made.

TODAY'S LIVE NEWS OF SUNSHINE STATE

SAYS BULL MOOSE IS DUE TO MAKE BIG ROAR IN THE FALL

New Mexico National Committeeman M. A. Otero Back from Chicago Meeting Filled with Enthusiasm.

CELEBRATION PLANNED WHEN T. R. GETS BACK

Meeting Being Arranged in Chicago to Welcome Conqueror of the Amazon Back to His Own.

[Special Dispatch to Evening Herald]

Santa Fe, N. M., May 8.—Former Governor Miguel A. Otero, New Mexico member of the national Progressive committee, returned last night from Chicago, where he attended the meeting of the committee which made plans not only for the fall congressional campaign in "every city, town, village and hamlet in the nation," as George Perkins puts it, but for the welcome of Theodore Roosevelt, head of the order, on his return from the conquest of the Amazon.

Governor Otero is more enthusiastic over the future of the Bull Moose than he ever was about any political movement, which is generally admitted to be some enthusiasm.

He says there will be no compromise with the stand-pat minority; no countenancing of any get-together movement anywhere along the line, and that with thorough organization for a national congressional campaign, "the prospects are the best in history."

The governor, in fact, thinks that the Bull Moose is going to roar through the country and take possession.

He says the Chicago meeting was most enthusiastic and expects to return there within a few days to attend a second monster meeting now being organized and which will follow Mr. Roosevelt's return to the States on May 29th. It is hoped that the leader of the herd will consent to attend the meeting.

AGED WOMAN BURNED TO DEATH WEDNESDAY NEAR CARRIZOZO

Carrizozo, N. M., May 7.—When the ranch house which she occupied, one mile south of town, was burned yesterday, M. A. Lydia Harvey, aged mother of County Clerk Albert H. Harvey, was burned to death.

Efforts were made to enter the house while it was in flames to save Mrs. Harvey, but the heat drove the rescue party back each time. After the flames had subsided, the body of the aged woman was found near the back door, where she evidently had fallen when overcome by the heat and smoke while attempting to escape from the house.

Neighbors, attracted by the fire, rushed to the scene, but when they arrived the house already was a mass of flames. Time and again they attempted to enter the house to rescue Mrs. Harvey, but the heat was intense and baffled every effort.

It is not known how the fire started, but it is generally supposed that Mrs. Harvey, in building a fire in the stove, set fire to her clothing, and being alone was unable to extinguish the flames. Her body was burned beyond recognition.

Mrs. Harvey was a native of Kentucky, coming to New Mexico seven years ago, and had lived much of this time alone, her son making several trips daily to the ranch to care for her needs. Interment was made Thursday morning and was largely attended by the many friends of the family.
